quiet.

The stock market was generally cheerful and higher. Gilt-edged securities were in demand, owing to the cheaper money, and Mexican rails were strong. Paris bought Kaffirs, diamond shares and foreign issues, while copper stocks were strengthened by the trade outlook. Profittaking caused slight recessions in gilt-edged stocks and home rails late in the session.

American securities opened steady and about unchanged, and later in the fore-ment advanced under the lead of Canadian Pacific. Prices hardened in the early af-ternoon on Continental and Wall Street buying, but realizing in the late trading made the closing easy.

Paris, Jan. 3.—Three per cent rentes closed 5 centimes lower at 34 francs 60 centimes. Prices were firm on the Bourse. Berlin, Jan. 3.—Profit taking continued on the Boerse to-day, and prices were rather weaker.
